

ClearSign to Present at 26th Annual Roth Conference March 9 - 12, 2014

SEATTLE, March 5, 2014 /[PRNewswire](#)/ -- ClearSign Combustion Corporation (NASDAQ: CLIR), an emerging leader in combustion and emissions control technology for industrial, commercial and utility markets, announced today that Chief Executive Officer Rick Rutkowski will be a featured presenter at the 26th Annual ROTH Conference, March 9 - 12, 2014 at the Ritz Carlton in Laguna Niguel, CA.

Rutkowski commented, "We are very excited to share the ClearSign story with a broader audience of investors. The ROTH conference is an ideal venue to increase awareness within the investment community, and we are delighted to have been selected to present at this year's event."

"Combustion-driven thermal processes account for roughly two-thirds of global energy consumption and production," Rutkowski continued. "We believe that ClearSign's innovative Duplex™ Burner Architecture and Electrodynamic Combustion Control™ (ECC™) technologies offer significant advantages in the design of industrial scale combustion systems. We are developing powerful new combustion control techniques that we believe may improve energy efficiency, and increase process throughput while significantly improving the economics of air pollution control and industrial production."

Mr. Rutkowski's presentation is scheduled for 12PM on Wednesday, March 12th, in the Salon 6 meeting room.

About the ROTH Conferences

ROTH Conferences are one of the largest in the nation for small-cap companies, combining company presentations, Q&A sessions and management one-on-one meetings. These events are also the primary platform for relationship building with existing and potential clients.

ROTH Conferences feature a distinguished list of presenting companies identified by their award-winning research team and are representative of a broad spectrum of sectors, including Business Services, Cleantech, Consumer, Electronics, Global Energy & Industrials, Gaming, Healthcare, Industrials, Media, Retail and Software. The 26th Annual ROTH conference is designed to provide investors with a unique opportunity to gain insight into emerging growth companies.

About ClearSign Combustion Corporation

ClearSign Combustion Corporation designs and develops technologies that aim to improve key performance characteristics of combustion systems including energy efficiency, emissions control, fuel flexibility and overall cost effectiveness. Our Duplex™ Burner Architecture and Electrodynamic Combustion Control™ (ECC™) platform technologies improve control of flame shape and heat transfer and optimize the complex chemical reactions that occur during combustion in order to minimize harmful emissions.
