### **About ClearSign Technologies Corporation**

ClearSign Technologies Corporation designs and develops products and technologies for the purpose of improving key performance characteristics of industrial and commercial systems, including operational performance, energy efficiency, emission reduction, safety and overall cost-effectiveness. Our patented technologies, embedded in established OEM products as ClearSign Core™ and ClearSign Eye™ and other sensing configurations, enhance the performance of combustion systems and fuel safety systems in a broad range of markets, including the energy (upstream oil production and down-stream refining), commercial/industrial boiler, chemical, petrochemical, transport and power industries. For more information, please visit [www.clearsign.com](http://www.clearsign.com).

### **About the iAccess Alpha Top 10 Best Ideas from the Buyside Conference**

This conference is a virtual conference that brings you 10 microcap ideas from iAccess Alpha's network of buy-side investors. Qualified institutional investors recommended each of the 10 companies represented as one of their best ideas. For more information see [www.iaccessalpha.com](http://www.iaccessalpha.com).
