

ClearSign Combustion Corporation to Present at 5th Annual LD Micro Conference

SEATTLE, WA -- (MARKETWIRE) -- 11/30/12 -- ClearSign Combustion Corporation (NASDAQ: CLIR), an emerging leader in combustion and emissions control technology for industrial, commercial and utility markets, announced today that Chief Executive Officer Rick Rutkowski will be presenting at the 5th Annual LD Micro Growth Conference.

"We are excited to share the ClearSign story with a broader audience of investors and increase awareness within the investment community. We are delighted to have been selected to present at this year's LD Micro Growth Conference," Rutkowski said.

"Combustion-driven thermal processes account for roughly two-thirds of global energy consumption and production," Rutkowski continued. "We believe that ClearSign's innovative Electrodynamic Combustion Control™ (ECC™) technology offers significant advantages in the design of industrial and utility scale combustion systems. We are developing powerful new combustion control techniques that we believe may improve energy efficiency, and increase process throughput while significantly improving the economics of air pollution control and industrial production."

ClearSign's presentation will begin on Thursday, December 6th, 2012 at 1:00 PM PST. The conference is being held at the Luxe Sunset Bel Air Hotel in Los Angeles.

About ClearSign Combustion Corporation

ClearSign Combustion Corporation designs and develops technologies that aim to improve key performance characteristics of combustion systems including energy efficiency, emissions control, fuel flexibility and overall cost effectiveness. Our Electrodynamic Combustion Control™ (ECC™) platform technology improves control of flame shape and heat transfer and optimizes the complex chemical reactions that occur during combustion in order to minimize harmful emissions.
